

GATEWAY Program

The Bio-Builder & Hook Tool" Purpose

- A. Worksheet: "The Bio-Builder & Hook Tool" Purpose:** A fill-in-the-blanks exercise to transform a generic bio into a "Solution-First" storefront. **Content:** A table where you rewrite your bio using the **Bio Formula**:

- [Who I Help]

e.g. [Who I Help]: I help Nigerian Health-Tech startups reach more patients through clear communication.

I help Nigerian business owners and entrepreneurs who are struggling to get found online.

- [How I Help]

e.g. [How I Help]: I simplify complex medical jargon into engaging, trust-building blog posts and newsletters.

I use targeted SEO strategies, keyword research, and optimized content to boost their visibility on Google and bring in more organic, paying customers.

- [Call to Action]

e.g. [Call to Action]: Click the "Message" button to see my latest Health-Tech writing samples!

Click the "Message" button to see how I've helped local brands climb to the first page of Google search results!

B. Further Reading Hub (PDF Links/Copy):

- **"GDPR: General Data Protection Regulation for Freelancers":** A one-page "Trust Manual" explaining how to handle client data safely to meet global standards.
- **"The Inclusive Storefront Guide":** A simplified summary of WCAG 2.1 standards for adding Alt-Text and captions to digital profiles.
